

MISSOURI CHAMBER  
**Political Action**  
COMMITTEE

September 12, 2008

Mr. Don Ruzicka  
Ruzicka for State Representative  
P.O. Box 26  
Mount Vernon, MO 65712

Dear Mr. Ruzicka: *Don,*

I am happy to inform you that the Missouri Chamber PAC, the political action committee affiliate of the Missouri Chamber of Commerce and Industry, has announced its support of your candidacy in the 2008 General Election.

After reviewing the qualifications and positions of the candidates in this race, we have concluded that you are the pro-employer and pro-jobs candidate that voters can enthusiastically support.

Your stance shows that you would make a positive impact in Missouri's Legislature to maintain and improve the business climate in our state. Controlling the growth of Missouri's state budget, promoting a business friendly tax climate, and limiting governmental interference into the free marketplace are important issues if we hope to ever have a competitive economic advantage in Missouri.

As Missouri's largest statewide general business organization, representing 3,000 member businesses employing more than 425,000 Missourians, we appreciate your commitment to promote and protect free enterprise in the state of Missouri.

Sincerely,

Daniel P. Mehan

*Don,  
Best of luck!*
